

NH Joint Committee of Engineering Societies S.T.E.M. Excellence in Teaching Awards 2018

NHSPE will again be joining forces with other engineering societies, the NH PE Board, the University of New Hampshire, the New Hampshire Teachers of Mathematics and the New Hampshire Science Teachers Association to recognize deserving teachers at the elementary, middle and high school levels who are promoting S.T.E.M. curriculum in the classroom.

This year will mark the 12th consecutive year of this exciting program, and we have had the pleasure of honoring many outstanding teachers throughout New Hampshire. These great teachers are the motivators and educators for our next generations of engineers, inventors, mathematicians, and scientists.

Our 2017 winners were as follows:

- Elementary School - Ms. Edith Couchman – Infant Jesus School Nashua

- Middle School - Mr. David Remillard – Hampstead Middle School

Application forms are available with a submittal deadline of January 26, 2018. Teachers who are selected for awards will be notified and presented with a plaque and stipend in the spring of 2018. Please consider nominating that motivating and deserving teacher that you know!
